Letter N° 2302/127, dated the 31st Jan'y 28, from the Resdt. Surgeon, Bangalore.

Please see Sl. 175 and paras 232 to 237 of office notes supra.

It has been noted by the Resident in para 236 of office notes that the nurses' pay cannot (be possibly) raised so soon, or, at any rate, until the financial position is

It cannot be said that the financial position has become easier than what it was in January 1927 when the Resident noted as above.

It may be pointed that the Govt. of India were addressed on the 27th October 1927 with regard to the additional medical staffs for the Bowring and Lady Curzon Hospitals and Hajee Sir Ismail Saits Gosha Hospital involving an additional expenditure of Rs. 8502/- per annum.

The Govt. of India were pleased to sanction the above proposals on 8.12.27.

The nursing staff of the Gosha Hospital has been strengthened by the addition of 3 Indian Nurses on pay of Rs. 25 p.m. each plus ration allowance of Rs. 10 p.m. each.

On the proposals submitted by the Residency Surgeon in December 1926, the Lady Doctor of the Gosha Hospital in her endorsement on the applica of the nurses at flag D ~~had~~ recommended that the nurses might be put on the scale of Madras cadre of pay, viz., Rs. 75-2½-125 per month.

~~It is not known why the Residency Surgeon recommends in para 2 of his letter, that the pay of the Nurses may be graded as Rs. 110-8-150~~

Please see the telephone message at flag T. It is stated that the figures given for "New and old patients" mean the total of new admissions and old patients who attended the Hospital during the last nine months.

So the figures referred to in para 2 of the office notes above refer to the number of new in-patients and out-patients during the last nine months.

In the annual report of the Gosha Hospital for 1926-27 there were 361 In and 3006 out-door patients The confusion arose as the old and new cases were mixed. We generally do not take both in and out door patients for the annual report. If we compare the figures for 1926-27, the Bowring & Lady Curzon Hospitals combined had 3907 In and 40981 Out door, while G.H. had 361 In 3006 out door. The average for 20 beds comes to 407 for Bowring & Lady Curzon Hospital and if this is compared with that of Gosha Hospital it gives only a slight difference of 46. So it is very plain that the staff of both these Institutions have an equal share of responsibility. They being only two in that Institution, the nigh turn of duty is more frequent than in Bowring & Lady Curzon Hospitals. The Lady Doctor having been well satisfied about their work, recommended their application. I am of opinion that the nurses under the Residency Surgeon either in Bowring & Lady Curzon Hospitals or Gosha Hospital should all be treated alike in regard to their pay so long as they have equal qualification and the same amount of responsibility. Under these circumstances I recommend that the Hon'ble the Resident be pleased to send on their case to the Government of India for sanction.

Subject:-Revision of pay of the staff Nurses attached to the Gosha Hospital.

Sir,

With reference to your office U.O.No.429,dated the 15th.January 1927 regarding the revision of pay of the Staff Nurses attached to the Gosha Hospital,I have the honour to inform you that the nurses, Mrs.Ferns and Mrs. Welsh, have again put in their applications for an increase. They have continuously worked in the Gosha Hospital since 21st.November 1925. The Lady Doctor in charg of the Institution has recommended their applicationa as they are giving satisfaction in the discharge of their duties. The Nurses with similar qualifications and responsibilities in the Lady Curzon Hospital get Rs.110-3-14

2. At present Mrs. Ferns gets Rs.75/-p.m. and Mrs. Welsh Rs.60/- p.m.,I therefore strongly recommend that th pay of the Nurses of the Gosha Hospital be graded as Rs.110-3-140.

Sir,

With reference to your letter No. 4503/247-1919 dated 7-5-'28 forwarding for remarks U.O. No.218/127 dated 4th May 1928 from the Residency Surgeon for remarks, I have the honour to state as follows:-

The present scale of the proposition statement has been check and found correct

The proposal requires the sanction of the Government of India under rule 60(3) of the Book of Financial Powers as it affects a whole grade of government servants (vide Rules 1(b)+(d) of Chapter I, Part II, of the Book of Financial Powers.)

A reference is also invited to para 4 of the Hon'ble Resident's letter No, 7314/247-1919, dated 12-9-1923, to the Government of India, Foreign and Political Department.

As regards the proposal to give effect to the revision from 21-11-1925, it may be stated that the Government of India are opposed on principle to the grant of sanctions with retrospective effect.

Necessary re-appropriation of funds should be made before effect can be given to the revison of pay, if sanctioned, if the

extra expenditure cannot be met out of theexisting appropriation under "Pay of Establishment".

in which figures have been furnished showing the work carried out in the Bowring and Lady Curzon Hospitals and the Gosha Hospital during the five years from 1922-23, except as regards the Gosha Hospital which was started only in November 1925. If the figures for 1926-27 are compared, it will be seen that the Bowring and Lady Curzon Hospitals combined had 3907 in-patients and 40981 out-patients, while the Gosha Hospital had 361 in-patients and 3006 out-patients. The average for 20 beds in respect of in-patients comes to 407 in the case of the Bowring and Lady Curzon Hospitals, and when compared with the Gosha Hospital, there is only a slight difference of 46. The Secretary to the Resident in Mysore,
Bangalore.

Sir,

I have the honour to report for the information and orders of the Hon'ble the Resident that it was noticed during the recent audit of the Gosha Hospital accounts for the half year ended 30-9-1928, that no fees were recovered with reference to the orders of the Government of India in their letter No.270-A dated 21-9-1927. It was stated that no fees were levied pending the construction of the Private Wards. As the orders of the Government of India referred to, do not indicate that such is the intention, specific orders may be obtained for the foregoing of this revenue from 1-4-1928 and also in the future (if the present system is to be continued) till the date on which the private wards are constructed and brought into use.

2. Minor defects noticed were rectified on the sopt.

Sir,

With reference to your No.9798/147-1919,dat the 19th.October 1928 forwarding for my remarks the A Officer's report on the recent audit of the Gosha Hos accounts that no fees were recovered with reference to the orders of the Government of India in their No.270-A dated the 21st.September 1928, I have the honour to sta that the delay in the introduction of the levying of fe was due to the fact that the Donor, Hajee Sir Ismail Sa was in the United Kingdom and the permanent Lady Doctor of the Institution also left for London on 8th.March 19 on 8 months leave. It was thought that the introduction of the fees during the latter's absence would result in rendering the Hospital unpopular.

As it was most advisable to consult Hajee Sir Ismail Sait in the matter I referred the subject to him on his return from the United Kingdom and his reply in original is herewith sent for favour of disposal. You will see that he deprecates charging any fees in the General Wards,but is not averse to fees being charged i the Private Wards about to be erected.

Dear Col. Macpherson,

Re:Hajee Sir Ismail Sait's
Gosha Hospital.

I beg to acknowledge receipt of your letter of the 2nd instant D.O.No.1610/98 informing me that the Government of India has intimated its desire to introduce the system of levying fees from the 1st April 1928 on well-to-do persons receiving medical relief at the Gosha Hospital and that you wish to comply with the instructic of the Government from the 1st January 1929 but before doing so, you wish to have my opinion in the matter as I am the donor of the Institution.

In reply I most respectfully beg to bring to the notice of the Government that when I was approached to construct the Hajee Sir Ismail Sait Gosha Hospital, it was clearly understood that no fee was to be levied on the patients. However, since I have come forward and also agreed to construct a Private Ward for the well-to-do persons and think that a small fee something like what the Victoria Hospital levies, should be levied viz: on the basis of the salary or income of the persons and that no fee should be levied on persons who wish to go to the present wards. Thus you will see the object of the Government is fulfilled.

Yours sincerely,

Hajee Ismail Sait

Introduction of the system of charging fees from patients admitted to Hajee Sir Ismail Sait's Gosha Hospital, Bangalore.

Sir,

I have the honour to invite a reference to your Memorandum No. 270-A, dated the 21st September, 1927, approving the foregoing of revenue which would ordinarily be derived from fees and hospital stoppages from the date the hospital was opened up to the 31st March, 1928. No system of levying fees has yet been introduced. Hajee Sir Ismail Sait, the Donor of the hospital, was absent in England until recently and the Residency Surgeon deemed it inadvisable to introduce the new system until he had been consulted in the matter, especially as the permanent Lady Doctor of the Gosha Hospital was also on lon leave at the same time, and it seemed unwise to take a step in her absence which might result in making the hospital unpopular

2. The private wards will be erected shortly. Hajee Sir Ismail Sait states that when he gave the donation for the construction of the hospital, it was clearly understood that no fees would be levied from the patients who were treated at the hospital, but since he has agreed to provide funds for the erec tion of private wards suitable for the accommodation of well-to patients, he thinks that a moderate fee may be levied on patients occupying the private wards, based upon their salary o income. He further suggests that the maximum limit of fees
